DATES ARE SET FOR HOLDING OF NILES WILD FLOWER SHOW

Fete To Be Held April Tenth and Eleventh at Rose Garage

With preliminary plans being made at a committee meeting held Thursday night at the home of J. E. Townsend in Niles, indications point to another huge success for the fourth annual Niles Wildflower Display. Sunday and Monday, April 10 and 11, are the days selected by the committee on which the flower show sponsored by the Niles Chamber of Commerce will be presented.

The flower fete which is held in the interest of wild flower conservation has attracted a great deal of attention to Niles and always has drawn large throngs of visitors from this section of the state. Last year over 400 visitors witnessed the display, the majority of which came from communities other than Niles.

As in the past the show will be limited to actual wild flowers, but this year one section will be reserved for the display of wild flowers which have been grown in local gardens.

As a result of the abundant rain fall during the last few months, the showing of a large variety of wild flowers is assured. The moisture has quickened the growth and bloom of vegetation so that by the time of the dates set for the show, all wild flowers available will be in blossom.

Members of the Niles Chamber of Commerce flower show committee, the Niles Boy Scout troop and of the Niles grammar school will gather the flowers for the display. The blooms are all gathered within a radius of ten miles from Niles. Attempts will be made to obtain every variety of wild flower that grows in this section for the display. Last year 176 varieties were shown.

Realizing the educational value of the show, the committee in charge is sending invitations to all schools, civic groups, and other organizations in this section to attend on one of the two days it will be held.

Efforts also are being made by the committee to secure James C. Shirley, professor of biology at Phillips University, Enid, Oklahoma, to deliver an address on wild flowers at the display on Sunday, April 10. Shirley presented an interesting address at the show held last year. He is doing research work at the University of Califonia at the present time.

The place whee the show will be held has not been definitely decided yet, but it is expected that the show room of Rose's garage will be used as it has been in the past.

The following men are members of the committee who are arranging for the display: J. E. Townsend, chairman; E. D. Bristow, A. J. Petsche, W. E. Kirk, A. F. Johnson, W. E. Jones and Jack Williamson.

MANY ATTRACTED TO NILES CANYON

With the advent of warm weather increasing tourist travel, Niles Canyon is proving to be a mecca for holiday seekers of relaxation. Large crowds of picnicers and others thronged the canyon Sunday to enjoy the recreational pleasures offered by this setting of natural beauty All the picnic grounds were filled to overflowing and at some places, bathers braved the still none too warm waters of Alameda Creek to indulge in swimming.

The recent work of county road crews in trimming the trees and cutting the brush along the creek has greatly added to the scenic beauty of the canyon, and will undoubtedly result in even larger numbers of tourists coming to the canyon as the summer advances.

BEGINNING WORK ON NILES CANYON UNDERPASS LOOMS

Preliminary Labor Being Done by County Road Crews

Actual construction work on the proposed underpass at Farwell station in Niles Canyon will probably begin wtihin the next month judging from the preliminary work that is being done at this point at present. Approximatey forty men of the county road crew are employed cutting brush and doing excavation work preparatory to the underpass construction work which will be performed jointly by the county and the Southern Pacific railroad company.

Submittal of bids for building the underpass will take place this week, according to County Roadmaster Joe Gomes.

When the underpass is completed, one of the most dangerous railroad crossings in southern Alameda county will be eliminated. Due to the crooked and narrow condition of the road at this point, an extremely hazardous situation to automobile traffic has been in existence. Plans to construct the underpass have been completed for some time, but actual work had been delayed until the suit between the county and the Southern Pacific company involving righ-of-way claims in the canyon was settled by the United States supreme court.

EASTER EGG HUNT HELD BY NILES JUVENILES

The Juveniles of Hazel Circle held their meeting at the Odd Fellows' hall in Niles Wednesday afternoon with their senior guardian, Miss Adelaide Martin in charge.

After the meeting the eighteen Juveniles present went out and enjoyed an easter egg hunt under tho leadership of Miss Martin and Mrs. Joe Oliver. Delicious refreshments were served after the hunt was over.

TOWNSHIP LEGION POST ENDORSES POOL DRIVE

Another organization got behind the campaign being made by the Centerville Lions Club to raise $7500 for a public swimming pool for Washington township when the Washington township post of the American Legion endorsed the drive.

The post has notified Dr. G. S. Holeman, president of the Centerville Lions that they are planning to sponsor a dance to be given in the near future, the proceeds of which will go to the pool fund.

Several of the Legionaires already have purchased script books through which the fund is being raised, while others have signed pledge cards. Other members are working on committees which are carrying the drive into all township communities.

NILES CIVIC GROUP TO HEAR DISCUSSION OF OIL LEGISLATION

Money Voted For Wild Flower Display Committee

Arguments for and against the Sharkey bill which will be up for the California voters' approval or rejection at the May primaries will be heard by the Niles Chamber of Commerce in the near future if plans made by the group at their Tuesday gathering succeed. The decision to invite a speaker from both the Independent Petroleum Association and the California Oil & Gas Association to discuss the legislation pro and con was made after communications from the above organizations attempting to influence the vote against or for the bill had been read to the group by A. J. Petsche, secretary.

The Sharkey bill is concerned primarily with the limitation of the output of oil in the state.

An echo of President Hoover's campaign against hoarding money was heard at Tuesday's meeting when a communication was read from Colonel Knox, of the Chicago Daily News, head of the committee in charge of the national drive to ferret out hidden dollars. The communication asked the Niles Chamber to take part and as a result President F. V.

REPORT SLATED ON OPERALOGUE AT TOYON MEET

Toyon Branch of the Children's Hospital will meet Monday afternoon at the home of Mrs. August May, of Alvarado. A full report of the results of the operalogue given at the Washington Union high school auditorium last Tuesday night for the benefit of the swimming pool fund will be made.

An indication of the sympathetic interest being expressed in the swimming pool movement by other communities was gained this week when Mrs. J. R. Whipple received a letter from the women's business and professional club of Livermore enclosing a dollar for two tickets to teh operalogue although no one from the group were able to attend.

Toyon was scheduled to meet Monday of this week, but the meeting date was advanced to next Monday in order for members to attend the meeting of the Welfare Club held this week.

CONDEMNATION SUIT FOR NURSERY ROAD WILL BEGIN SOON

Supervisors To Give Official Sanction At Today's Meet

That condemnation proceedings to obtain right-of-way through the California Nursery and other property along the route of the proposed Niles-Alvarado road will begin very soon, was assured the Township Register by District Attorney Earl C. Warren Tuesday afternoon.

Warren stated that the instructions given by the board of supervisors at their session three weeks ago was an informal resolution, and certain legal proceedings were necessary before they could give official instructions. The district attorney's office has prepared legal documents designating what property should be condemned and this is to be presented to the board of supervisors today by Warren. At today's gathering the board will pass an official resolution to begin the condemnation suit, after which the district attorney's office will lose no time in getting started, according to Warren.

MARKER FOR OLD MISSION IS TOPIC AT D. A. R. MEET

J. R. Knowland Speaks To Gathering At Thane Home

Featured by the presence of Joseph R. Knowland as the chief speaker, representatives from seven chapters of the Daughters of the American Revolution in the east bay area met last Thursday at the home of Mr. and Mrs. J. E. Thane in Niles. The gathering was held for the purpose of discussing the possibilities of obtaining an appropriate marker for the historic mission located at Mission San Jose, and to stimulate interest in historic points of interest in the state.

A picnic luncheon was enjoyed in the garden of the Thane home and after hearing the speeches on the program for the day, the group visited the old mission at Mission San Jose and inspected it for possible site for the location of the proposed marker.

The subject of Knowland's address was concerned with historical places which already have been marked in California. In recounting the various historical points of interest which have been marked by bronze tablets, the speaker pointed out an interesting fact to the gathering when he explained that the spot of the famous Terry-Broderick duel had been given a bronze marker because at this point was sounded the death knell for legalized dueling in California and for the entire United States. In addition the two men concerned were eminent figures in the early history of the state.

Knowland told of his deep interest for the past thirty-five years in the mission at Mission San Jose, and expressed his pleasure at the movement being made by the Daughters of the American Revolution, Native Sons, and other organizations to have this place given its proper place as an historic landmark and a point of interest to tourists. He sounded a hopeful note that this recognition would come in the near future.

Speaking on early historical facts of Alameda county and Washington township, Mrs. J. E.

MISSION SAN JOSE MAN IS APPOINTED SHRINE AVIATOR

Captain Sam Metzger To Perform at National Shrine Meet

Appointment as one of Aahmes temple's flying ambassadors is an honor which has been recently conferred upon Captain Samuel Metzger, World war veteran and aviator, of Mission San Jose, according to Roy S. Milligan, illustrious potentate of the mystic shrine in Oakland.

Metzger will perform during the national Shrine convention in San Francisco by taking aloft distinguished guests. He has a fleet of planes, including an autogiro, and has his own landing field.

Other flying ambassadors who will comprise Aahmes squadron are Howard Yuravich, William N. Nelson, Bill Fletcher, J. G. Schaachey, of Oakland, and R. A. Hansen and Glen Smallcomb, of Livermore. All these Shriners use their own planes, said Captain Metzger.

THIRTY DAYS GIVEN GUN TOTING MEXICAN

Apparently preferring the environment of the county jail to the haunts of his native Mexico, Valdermo Gonsales was given a thirty-day sentence by Justice of the Peace Allen G. Norris in the Centerville justice court last Tuesday afternoon.

Gonsales was found guilty of carrying concealed weapons several months ago and sentence was suspended for ninety days with the understanding that the man return to Mexico. When he failed to do this, a bench warrant was issued for his arrest and the thirty-day sentence in the county jail followed.

Gonsales became involved in an altercation with Night Patrolman Bates in Alvarado several months ago.

When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes the acids instantly. And the best alkali known to medical science is Phillips Milk of Magnesia.

One spoonful of this harmless, tasteless alkali in water neutralizes instantly many times that much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

Freshmen Win in Ticket Selling Test at Amador High

Sophomores and Juniors To Give Party to Other Two Classes

The freshman class led all other classes of the Amador Valley high school in the ticket selling contest for the operetta, "The Count and the Co-Ed", bringing into the school $61.50 by the end of the contest, which closed last Tuesday noon.

The freshmen were ten dollars ahead of the seniors, who came second with $51.50. The juniors sold forty-four dollars' worth of tickets, and the sophomores came last with $21.50.

According to agreements made by the four classes at a student body meeting a week ago, the losing classes are to sponsor a picnic or a dance for the winners. According to last week's results, the sophomores and juniors will have to provide for the affair, which will be held in the near future.

UTAH WINS VICTORY AGAINST UNDESIRABLE BILLBOARD ADS

THE RIGHT of Utah to keep tobacco advertising off billboards in accordance with a state law, is upheld unanimously by the supreme court of the United States. Ads for cigars, cigarettes, etc., on placards in street cars and other public places are also forbidden.

Justice Brandeis, who announced the decision, made some illuminating distinctions. The principle involved, he explained, is that a state has the right to forbid advertising of any kind in places and under conditions which virtually compel people to notice it. There is no discrimination, he said, against billboard advertising in favor of newspapers and magazines. People do not see the ads in newspapers and magazines unless they have sought the publications. But they are virtually forced to see the billboard advertising. That is what billboards are for—to thrust commercial appeals upon people's attention.

Here is the greatest victory yet won against the cigarette trust in its campaign to put a cigerette into the mouth of every woman and girl in America.

Amador Operetta Pleases Audience at Opening Show

Premiere Performance Held Last Week at High School Gym

'The Count and the Co-Ed", given by the students of the Amador high school at the school gym, left a marked impression on all those who witnessed the premiere last Thursday. The operetta is by far the best put on by the students, according to all accounts. In order to accomodate the large crowd of those wishing to see the elaborate performance, it was presented again last Friday for the last time.

The scene of the operetta takes place at Marden College, which is in need of a final $50,000 for the college endowment fund. All through the operetta, Muggs George, who takes the part of Snooze Andrews, is involved in many difficult situations, the greatest one being with a traffic cop. To avoid the officer, Snooze disguises himself and is mistaken for Count Gustave von Weinerheister, Marden's last hope for the $50,000. Snooze finally identifies himself, wins Dolly McSpadden, daughter of the college president, and the Count comes through.

There were many colorful scenes with dancing girls and a chorus of college boys. The most attractive and colorful dance was the Crinoline Dance. The operettta was spiced with humour, the song Soda Pop, by Mark Watson, being most hilarious. Lovers of music enjoyed the many solos and the male quartette.

Those who were prominent in the cast last week were as follows:

Marjorie Blackwood, belle of the campus, was wonderfully played by Mildred Enos, who has been a star in former Amador productions.

Kenneth (Snooze) Andrews, the glee club comedian, was played by Thomas "Muggs" George, who kept the audience in constant laughter.

Dolly McSpadden, daughter of the college president, was charmingly taken by Beverly Rosa.

Dr. Cicero McSpadden, president of Marden College, was convincingly portrayed by John Garibaldi.

The part of Mark Watson, the college yell leader, was played remarkably by Frank Marino.

The rest of the cast played their parts in top form also and left a good impression on the audience.

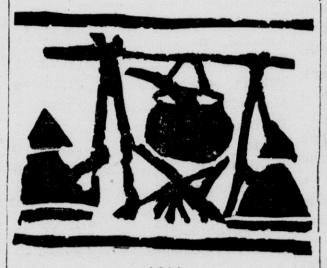
ADULT EDUCATION IS SUBJECT FOR P.-T. A. MEETING

District Gathering To Be Held In Oakland March 28

Adult education or parental education will be the theme of the next meeting of the Sixteenth District, California Congress of Parents and Teachers, to be held at the Women's City Club, Oakland, Monday, March 28, from 10 a. m. to 3 p. m. The parental educational movement which has made such rapid strides in recent years will be ably demonstrated by Mrs. P. J. Kramer, Sixteenth District chairman of that department. Mrs. Paul S. Taylor will lead the demonstration groups, the subject being, "Parental Impatience." The different phases of the topic will be discussed by the following members and leaders of parental education classes in the east bay—Mrs. William A. Hayes, Mrs. Ralph Fisher, Mrs. Agnes West, Mrs. Frank Pimental, Mrs. Harold Watkins, Mrs. Ralph, Mrs. Cyril Bendorf, Mrs. B. R. Wood, Mrs. T. O. Morrison, Mrs. Frank Harris, Mrs. Karl Von Hatch, Mrs. J. S. Marshall, Mrs. E. M. Corman, Mrs. Myrtle Cobb, Mrs. A. A. Norwege, Mrs. W. L. Riser, Mrs. F. F. Canham, Mrs. R. L. Hatch, Mrs. C. L. Chamberlain, Mrs. Mabel Forrest, Mrs. Jessie Stimtson, Mrs. H. F. Trotsee, Mrs. Rolla Mathews, Mrs. W. M. Slater.

Mrs. H. Ward Campbell, president of the Sixteenth district, will preside at the business session preceeding the demonstration and the Reverend Martindale Woods, of Alameda, will speak in the afternoon on the Eighteenth Article in the Children's Charter, "Encouraging Voluntary Youth Organizations."

The annual convention of the Sixteenth district, California Congress of Parent-Teachers, will be held April 28 in the Congregational church, Ninth and Medanos street, Pittsburg. Arrangements are being made for transportation by railroad.



JOY

Joy is not a thing you can see,
It is what you feel when you watch waves breaking,
Or when you peer through a net of woven violet stems in Spring Grass.
It is not sunlight, not moonlight,
But separate shining
Joy lives behind people's eyes..

HILDA CONKLING.

The Teniga group camp fire girls met Friday evening, March 28. The girls studied birds and astronomy. We had a study of the four moon constellations.

Wednesday afternoon, March 16, the Gemewuance group met at the home of Mrs. J. E. Townsend. Handiwork was indulged in for the afternoon. Many interesting things are being done by the young girls.

The Gemewuance group went on a hike up Rose's hill on Monday.

Tuesday morning the Tinega group of camp fire girls went on a hike to the Indian graves. Lunch was eaten by a spring on the other side of Pansy hill. While on the hike the girls gathered wildflowers and had a nature study. Those who went on the hike were: Mrs. Townsend, Muriel Fournier, Lorene Kerns, Eleanor Harrold, Rosalie Harrold, Marjorie Henry, Ramona Mellow, Leona Solon, Clita Farmer, June Farrington, and Evelyn Rose.

ST. JAMES GUILD FOOD SALE IS SUCCESS

The St. James Guild food sale held last week was a success. Through the kindness of Mr. Salvadorini, the largest room in the Gregory hotel was made accessible. The room was daintily decorated with spring flowers and asparagus ferns. All the tables were laden with delicious foodstuffs consisting of cakes of all kinds, artistically decorated salads, cookies, biscuits, nut bread, pies, etc.

The guild wishes to extend its hearty thanks to all those who helped make the sale a success. Proceeds amounted to approximately $45.

WASHINGTON POUNDS OUT VICTORY OVER DEAF AND DUMB NINE

Cornhuskers Collect 19 Hits In Second League Baseball Game

It was just a track meet for the Washington Union high school baseball nine! After the dust had settled away at the end of the seventh inning when the game was called off on account of the lengthening shadows of darkness, the count read 15 to 1.

This tells the story of the unceremonious slaughter of the California School for the Deaf and Dumb at the hands of Coach Jess Regli's murderous crew of fence busters who swing vicious clubs enough to strike fear into the heart of any opposing prep twirler once they are unlimbered for action as they have been in the last two league contests.

The game was played at Foothills Friday afternoon, and considered from the standpoint of giving the Cornhuskers an opportunity for displaying their ability at galloping around the bags and pumelling the ball with their war clubs, it was a good ball game. And it was their second win in the southern Alameda county league competition.

The batting averages of the Washington ball tossers soared to still greater heights as the result of Friday's contest when they rained a barrage of basehits into the field which had reached a total of nineteen by the close of the game.

Manuel Fontes, who cavorts around third base for Washington, brought his bludgeon out from the retirement of last season, when it functioned so effectively, to crash out two home runs and two singles in five trips to the plate.

Faria kept up his brilliant work with the stick by belting out a three bagger, a single and drawing a walk in four times up. Rose also contributed his share to the base hit orgy by collecting a homer and a two-bagger, while Nakagowara had a perfect day with the willow, bingling twice and getting a free ticket to first in the three times he faced the pitcher.

Amaral, who is only a freshman this year, was as penurious with his hits as a miser with money, allowing the Dummies only one safety during the five innings he performed on the slab. Foothills found Kitashima, who replaced Amaral for remainder of the contest, just as stingy, collecting only one bingle from his offerings.

Washington tallied twice in the first frame. Sekigahama first struck out, but Faria laced out a screaming three-bagger. Foehr whiffed, but Fontes stepped to the plate and smashed out a home run, chasing in Faria ahead of him.

The Cornhuskers collected four more in the second canto on four hits and a walk. Rivers singled, stole second and scored when Nakagowara hit safely. After the two next men had been retired, Faria drew a free pass and stole second, from where he scored on Foehr's bingle, with Nakagowara crossing the plate ahead of him for an added score. Stealing second was a popular diversion for the Washington boys, Foehr going down on the first pitch and crossing the home platter when Fontes came through with a single. Fontes also enacted the stealing second act, but further scoring was prevented when Rose was thrown out short to first.

Coach Regli's men added another tally to their total in the third when Rivers after being issued a walk, stole second and crossed the plate on a single by Nakagowara.

The Dummies scored their only marker of the game in the third frame on a hit, two walks and an error.

In the Cornhuskers' half of the fourth, Rose drove one of the opposing twirler's slants far over the fielders' heads for a home run.

It was in the fourth inning the parade began for Washington, when they dented the home rubber for six runs. Nakagowara walked and stole second. Amaral was hit by the pitcher and Sekigahama singled to score Nakagowara. Faria responded with his second hit of the day tallying Amaral. Maderios, who had replaced Foehr at first, singled to score Sekigahama, and went to second on a wild pitch. Fontes rifled out a blow to center driving in Faria and Maderios, but was out in the attempt to stretch the play into a double. Rose belted out a double and crossed the plate on Roderick's bingle.

The final tally came in the seventh when Fontes connected with his heavy bat to clout a home run.

Coach Regli's tossers meet Livermore Tuesday afternoon on the Washington Union high school grounds. The Cowboys are reputeded to have a strong nine, and it is likely a little more opposition will be given the Cornhuskers than they have encountered in their two previous league games. Kitashima will probably take up the burden on the mound for Washington, with Amaral and Wilson held in reserve.

PROTECTING DOLLARS AT WORK

IN EVERY PART of California, Bank of America has dollars at work—in the form of loans to industry, agriculture, responsible individuals. . . . . .

These loans are widely diversified in every sound major business activity of the state. . . . . .

Never more than a small portion of our *total* deposits is loaned to any one industry, crop or section. . . .

Thus, in a very real sense, the strength of California—its diversity of climate, crops, business—is an added safeguard for Bank of America's statewide loans.

And this Bank has unexcelled facilities to protect its dollars at work: banking offices in 243 communities, serving the entire state; intimate knowledge of local conditions; the resources of each branch reinforced by the resources of our entire organization. . . . . .

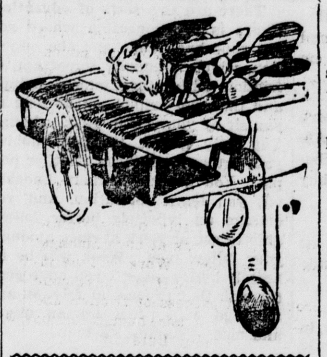
SLOGAN CONTEST FOR PLEASANTON HELD IN SCHOOLS

Five Dollar Gold Piece Is Prize Offered by Junior Chamber of Commerce

A Pleasanton slogan contest, sponsored by the Junior Chamber of Commerce, is underway at the grammar and high schools, it was revealed at a meeting of the chamber held recently.

The contest, open to school children only, started last week and will close on April 15. The slogan, descriptive of Pleasanton, is to be of seven words or less. The prize, to be given by the chamber, will be a five dollar



gold piece. The judges, to be selected by the chamber, will be announced later.

At the same meeting, plans were formulated for a descriptive booklet about Pleasanton. Different subjects were assigned to different committees for research.

Date for a dance was set as April 2. A general committee was appointed to prepare for all arrangements. Bill Hall was named chairman.

PLEASANTON NINE BEATS OAKLAND BY ONE RUN

Pleasanton Merchants defeated the East Oakland Merchants in a game played at the Pleasanton grammar school last Sunday afternoon. The score was five to four.

The game was close and exciting throughout. Anselmo pitched for Pleasanton in the first two innings. He was replaced in the third by Shchouls, who finished out the game.

Pleasanton made five runs out of nine hits. Oakland scored four runs out of eleven hits.

The linup for Pleasanton included Shchoults and Anselmo, pitcher; Pous, catcher; E. Faria, first base; Gollop, second base; Governor, third base; Scott, shortstop; Viada, left field; Paulo, center field; and A. Faria, right field.

Amador Dons Beat Berkeley Nine In First League Game

Pleasanton Ball Team Wins by 14 to 1 Last Friday

The Amador Dons started their league schedule games with a win, when Marino, the first batter for Dons, met the first pitched ball for a home run in a game played against the California School for the Deaf and Dumb, at Berkeley, last Friday afternoon. The final score was fourteen to one in favor of the Dons.

Captain Ty Silva, next batter, didn't do so well, with only a three base hit. Marino, who was crowing over his home run, was quickly shut up by Bob Silva, who repeated with a homer. The ninth batter up retired the Amador nine with his strike-out, but the Pleasanton boys had already scored five runs.

Bob Silva pitched a good game and lasted the entire nine innings, allowing but four hits, one of which was a home run for the Berkeley boys—their only score; he struck out eight batters.

The Don fielders played better than average, according to Patterson. The combination of Silva, pitching, and Peters, catching, worked out successfully last Friday, when the Dons met the Hayward Farmers in a battle at the Armor field.

The box score and linup for the Dons is as follows:

	AB	R	H	E
Marino, rf.	5	2	4	0
Dutra, 3b.	5	3	3	0
A. Silva, 1b.	5	3	3	1

Enrollment Grows at Pleasanton School

Fifteen new students have been added to the enrollment of the Pleasanton grammar school since January, according to figures made public by V. Bernard Johnson, principal, last week.

The present enrollment is 343, as compared to 328 on January 1. The enrollment of the eight grades is 311. There are thirty-three in the kindergarten.

The emergency pipe line, which is being installed near Sunol for the Hetch Hetchy work, has been responsible for the increase in enrollment, it was stated.

Ione—Dedication exercises held for new building units representing cost of $535,000 recently completed at Preston school of industry.

Jones has appointed a committee consisting of E. A. Ellsworth, chairman; Robert Blacow, and E. F. Glassbrook to carry on a campaign in Niles for bringing all the dollars which have been stuffed away in the old "sock" back to the light of business.

A sum not to exceed fifty dollars was voted to the committee on the annual Niles Wildflower Display to carry on its work. Announcement was made that Sunday and Monday, April 10 and 11, had been chosen by the committee as the days on which the flower fete will be held. Two sites where to hold the show have been offered this year, Rose's garage and the Edenvale Nursery, but members of the chamber were of the opinion that Rose's garage would be the most logical place to hold the display.

A motion was passed to pay ten dollars membership dues to the California State Chamber of Commerce.

Plans for the night meeting of the chamber on Tuesday evening, April 12, are progressing rapidly under the committee in charge, it was announced by A. J. Petsche. The date wil be Tuesday night rather than Saturday night as was stated in last week's issue of the Register. Tickets for the affair have been printed and are now ready for sale. The means by which they will be distributed will be decided at a meeting of the committee this week, at which further entertainment plans also will be made. A real entertaining evening has been promised all those who attend.

Definite ownership of the property along First street from south of the firehouse to the end of the street has not been decided, although a letter has been sent to the state highway department. Plans of the Niles Chamber to beautify this strip of ground can not be carried out until ownership is decided. A. J. Petsche was instructed to write a letter to the county board of supervisors in the attempt to obtain definite information on the matter.

Next week the Niles Chamber will hold their regular meeting at Monday noon rather than Tuesday in accordance with the amendment to the constitution adopted at last week's meeting.

George Bonde was appointed membership chairman to arrange for next week's session.

A RESERVOIR *reduces Irrigating costs*

SUCCESSFUL California farmers always prepare for irrigation during the spring and summer growing season, regardless of winter rainfall.

They know that, when irrigating, it is necessary to apply water to the soil as quickly as possible in order to keep labor costs at a minimum and to provide sufficient water exactly when needed by the crop.

As a practical means to this end, many farmers are using irrigation reservoirs. This system offers a compromise between the large pumping unit with its higher cost of operation and the small pumping unit with its costly waste of time.

Why the Irrigation Reservoir Saves Money

It gives 1,000 Gallons Per Minute with only a 500 GMP pump installation.

It permits rapid irrigating during the day, and night irrigating is eliminated; the small pump refills the reservoir during the night.

A small pumping unit running 24 hours a day is more economical than a large unit operating but 12 hours a day.

If you are interested in reducing irrigating costs, the irrigation reservoir may be the solution. Before changing your present pumping system, consult our Rural Power Representative. With the information he has at hand, he can help you work out estimates of possible savings. If the reservoir is advisable on your farm, he can recommend the best procedure for its construction.

EASTER CALL

Thus saith the high and lofty one, that inhabiteth eternity, whose name is Holy: I dwell in the high and holy place, with him also that is of a contrite and humble spirit, to revive the spirit of the humble, and to revive the heart of the contrite ones.

See ye the Lord while He may be found; call ye upon Him while He is near:

Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him;

And to our God, for He will abundantly pardon.

Prayer for Easter

O God, who hast called us to be children of the Resurrection; mercifully grant that whensoever in the dimness of this present life our eyes are blind that we see not, our hearts may burn within us and always be attentive and faithful to thy Holy Will, as it is revealed to us by thy Son, our Savior Jesus Christ. Amen.

Hymn

Now let the heavens be joyful,
Let earth her song begin,
Let the round world keep triumph
And all that is therein;
Invisible and visible,
Their notes let all things blend;
For Christ the Lord hath risen,
Our joy that hath no end.

Rats and Plagues

Rats in Europe for centuries were responsible for the spreading of plague. This disease, carried by fleas on the black rat, was not exterminated by improved sanitary conditions so much as by hordes of brown rats from Asia, which entered through Russia about 1700. The black rat was driven to the wharves and ships by this stronger rival. But eventually the brown rat forsook human company and lived principally in sewers, thus relieving Europe of plague.

New Houses Nearing Finish In Irvington

Two new residences under construction at Irvington are well along toward completion. One of them, belonging to F. A. Leal, will be ready for occupancy in six weeks. The other, the Edwaked Rose home on Roberts avenue, while not so far advanced, has the frame work well along.

Joe Blacow was a visitor in San Francisco recently.

Two Educations

There are two sorts of education. There is the education where you get your knowledge and the education, which is equally important, of friction with other human beings, and that you cannot get as long as you sit by yourself in your lodgings. You only get it through rubbing your brains with those of other people. You get the corners knocked off, you learn toleration, and you emerge an infinitely better fellow, able to get at work at once amongst your fellow men. Work will be infinitely better done if you have gone through that process of friction and massage with other human minds and men.—Stanley Baldwin.

Railroad Construction

Railroads were first built across the country instead of north and south, because water transportation on the large rivers, such as the Mississippi, Missouri, Ohio, etc., ran in a north-south direction, and the building of cross-country transportation routes to connect with the commercial centers along the rivers was a natural outcome. As emigration pushed farther westward these lines were extended to meet the demands of progress.

Some Helpful Hints in Planning Church or Community Suppers

By JOSEPHINE GIBSON
Director, Heinz Food Institute

TO the person not accustomed to quantities of food, planning the menu and purchasing for a church or community supper is often quite baffling. The menu must be good, the food well cooked and attractively served, and there must be plenty to take care of a large attendance. Two menus suggested below are practical for large groups. The quantities here are planned to serve fifty people and easily may be multiplied if a larger group is to be served. If you expect to participate in organizing a church supper, you will wish to slip these suggestions into your recipe file for future reference.

Menu I

Chilled Fruit Cup
Ham Loaf with Potatoes* Buttered Peas
Jellied Carrot and Pineapple Salad*
Rolls Butter
Frosted Chocolate Cake Coffee

*Indicates recipes are given below

Ham Loaf with Potatoes—6 lbs. raw cured ham; 3 lbs. fresh pork; 3 qts. Rice Flakes; 6 eggs; 3 cups milk; 1½ teaspoons pepper; 2 tablespoons Worcestershire Sauce; 1 pk. potatoes, sweet or white. Grind ham and pork together twice. Mix all ingredients thoroughly. Pat into loaves and cook in roasting pans, with a little water, for about an hour. After first half hour, place white or sweet potatoes around loaves. Bake until tender and brown.

Jellied Carrot and Pineapple Salad—1 institutional package (26 ozs.) lemon flavored gelatin; 3½ cups boiling water; ½ cup Pure Vinegar; 3 qts. raw carrots, grated; 3 qts. water or pineapple juice; ½ No. 10 can crushed pineapple, drained; 2 teaspoons salt. Dissolve gelatin in boiling water and add vinegar. Add pineapple juice and chill. Add finely grated carrots, pineapple and salt to gelatin when slightly thickened. Pour into individual molds or shallow pans. Chill until firm. Serve in nests of crisp lettuce with Mayonnaise Salad Dressing.

Other Quantities to Serve 50—9 No. 2 cans peas; 100 rolls; 1 lb. butter (cut with butter slicer); 1½ lbs. coffee.

Menu II

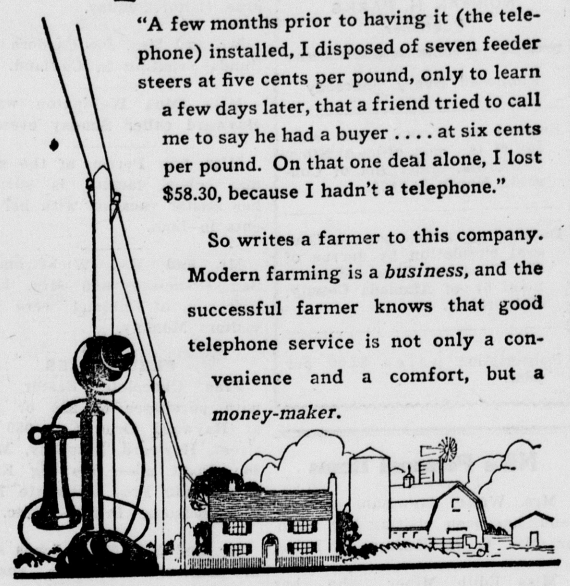
Baked Ham* Oven Baked Beans, Vegetarian Style
Cold Slaw* Fresh Cucumber Relish
Hot Rolls Butter
Fig Pudding (ready to serve) Coffee

Baked Ham — 2 hams, 10 lbs. each; 2½ cups brown sugar; 1½ cups Pure Cider Vinegar; Whole Cloves; ½ cup crumbs. Cook hams until tender. Peel skins, arrange in baking pans and stick cloves over surface of hams. Make a syrup of the brown sugar and vinegar, and pour over them. Sprinkle with crumbs, and brown in a hot oven.

Cold Slaw—2 gals. cabbage, shredded finely; 2½ tablespoons sugar; 2½ tablespoons salt; 1 teaspoon pepper; 1 cup Pure Vinegar; 1 qt. Mayonnaise Salad Dressing; 6 green peppers, chopped; 1 teaspoon onion juice. Add sugar, salt and pepper to shredded cabbage. Mix Mayonnaise Salad Dressing with vinegar and pour over cabbage. Add green pepper and onion juice. Mix thoroughly and serve on crisp lettuce leaves. Note: Boiled Dressing may be substituted for mayonnaise and vinegar mixture.

Other Quantities to Serve 50—2 No. 10 cans Oven Baked Beans; 2 qts. Fresh Cucumber Relish; 4 large size Fig Puddings.

It *pays* to have *Telephone Service*



"A few months prior to having it (the telephone) installed, I disposed of seven feeder steers at five cents per pound, only to learn a few days later, that a friend tried to call me to say he had a buyer .... at six cents per pound. On that one deal alone, I lost $58.30, because I hadn't a telephone."

So writes a farmer to this company. Modern farming is a *business*, and the successful farmer knows that good telephone service is not only a convenience and a comfort, but a *money-maker*.

Chlorinator Found Not Necessary For Pleasanton Water

Well Level Sinks; San Francisco Supply Called Upon

The contemplated purchase of a chlorinating system for the water department of the city of Pleasanton was indefinately shelved last week when it was learned that, because the water level in the town wells had fallen below the twenty-eight foot mark, the city of San Francisco will have to take up the task of supplying the town with water again.

In an agreement made years ago between Pleasanton and the Spring Valley Water Company, the bay city is to furnish water to Pleasanton free of charge at any time that the water level in the town wells falls below the twenty-eight foot point. Pumping water from the San Francisco wells is held responsible for the falling level in the town wells.

Due to the fact that the water in the town wells has become contaminated, it would be necesary for Pleasanton to purchase a chlorinator. This was decided to be the best method of supplying pure water to the city. The chlorinator would cost the city nine hundred dollars.

The news that the water level in the town wells had fallen was warmly received by the city council, which had been buying water for the past month or so from the water district at a cost of about $250 per month to the town.

MONEY

What Is It Good For

?to Hoard or to Squander?

NO! There is a better way. A more conservative way. A thriftier way. A more profitable way to use money. A far better way than either squandering or hoarding it.

That is to spend it—JUDICIOUSLY—to save some and spend some. To deposit some in a savings account, to invest some in safe securities, to spend some for the necessities of life, and to "invest" some upon luxuries and the pleasures of living. Money invested and saved is an earning power which will prove a help and a comfort for the "rainy day." And money, judiciously spent helps to round out a full life of profit and pleasure.

ADVERTISING plays its full part in keeping money in healthy, judicious circulation. People today are more thrifty-minded than they have been for a long time. The merchant who is awake to present-day conditions and to the needs of the puying public, ADVERTISES—tells the customer what he has to sell, and how much it sells for, so that the buyer may find it easier to spend his or her money conservatively and thriftily, and still buy the things they need and want. Thus the merchant, the customer, and the general public are all benefitted by keeping money in circulation.

.....and, of course, to do the most good, your advertising must reach the greatest number of people. You know,

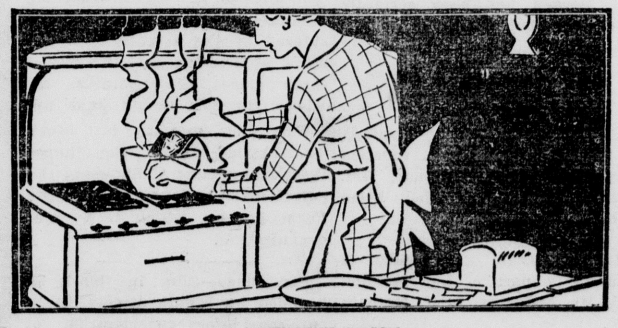
Baked Bean Sandwiches Are Ideal for Winter Lunches



By JOSEPHINE GIBSON
Director, Heinz Food Institute

HOT baked bean sandwiches, or sandwiches of baked beans in combination with other foods, form a substantial, appetizing main dish for Winter lunches. These may be of the hot type if the family lunches at home or may be used in sandwiches which offer interesting variety for the packed lunch. If the idea seems a bit unusual look carefully at the recipes below and you readily will understand why baked bean sandwiches deserve the prominent place they are receiving in outstanding tea rooms the country over. Such sandwiches not only are delightful in appearance and flavor, but are nutritious, for baked beans are a valuable source of calcium and iron as well as an excellent protein food.

Broiled Bean Sandwich—6 slices bread; Butter; 1 medium can Oven Baked Beans (Boston Style); ½ package American cheese; 6 strips bacon. Place slices of buttered bread on a baking sheet. Spread generously with Baked Beans. Cut cheese in 6 lengthwise slices and place a slice on each sandwich on top of beans. Top each with a slice of bacon. Place under low broiler flame 5 minutes or until cheese is melted and bacon crisp. Serve hot garnished with Chow Chow Pickle. Serves 6.

Baked Bean, Bacon and Olive Sandwich—3 slices toast for each sandwich to be made; ¼ pound bacon, sliced thin; 1 small bottle Stuffed Spanish Olives, sliced; 1 medium can Oven Baked Beans (with Pork and Tomato Sauce). Fry bacon until crisp and brown. Add sliced olives and allow to heat in the fat. Heat Baked Beans according to directions on label of package. On first slice of toast, place a generous layer of hot beans, cover with a second slice of toast; add slices of bacon and olives. Add third slice of toast. Cut sandwich in half diagonally and garnish with slices of Genuine Dill Pickle or with additional olives. Serve with knife and fork. This sandwich, with a hot beverage, makes a nourishing and satisfying Winter luncheon.

Boston Bean Sandwich—1 medium can Oven Baked Beans (Boston Style); ½ teaspoon salt; 4 Preserved Sweet Gherkins, chopped; 8 Stuffed Spanish Olives, chopped; Mayonnaise Salad Dressing. Drain Baked Beans and press through a sieve or mash until entirely free from lumps. Add salt, sweet gherkins and olives. Add just enough Mayonnaise Salad Dressing to make a smooth filling and spread between buttered slices of Boston brown bread or whole wheat bread.

Sailboat Sandwich—3 slices whole wheat bread for each sandwich; 1 small can Oven Baked Beans (Vegetarian Style); 2 tablespoons Tomato Ketchup or Chili Sauce; 2 to 3 tablespoons minced onion; ¼ teaspoon salt; 1 large pepper, chopped; lettuce. Spread slices of bread with butter. Mash Baked Beans, add ketchup or chili sauce, onion and salt, and spread one slice of buttered bread with this; top with another slice, spread with a layer of minced green pepper, lettuce and salt combined; and top with a third slice of bread. Cut sandwiches diagonally and place cut edges toward edge of plate. Insert 3 toothpicks in each, and top them with Preserved Sweet Onions or Stuffed Spanish Olives. Garnish center with a leaf of lettuce and a ring of green pepper.

KITCHEN CUPBOARD

By NELLIE MAXWELL

"Rise with the lark, and with the lark to bed"
Observes some solemn, sentimental owl;
Maxims like these are very cheaply said;
But ere you make yourself a fool or fowl,
Pray just inquire about his rise and fall,
And whether larks have any beds at all.
—John Godfrey Saxe.

Different Good Things

WHEN preparing a mayonnaise dressing add when serving it a little whipped cream and one or two hard-cooked eggs chopped fine. A little chopped onion with seasoning also adds to the dressing. Serve on plain lettuce as it may be preferred.

Piquant Sandwiches.—Cream together one cream cheese and two tablespoonfuls of peanut butter. Chop one hard-cooked egg very fine, add one chopped sour pickle and a tablespoonful of chopped green pepper, add salt and pepper and spread on buttered bread.

Savory Sandwiches.—Brown in one tablespoonful of oil one-half cupful of blanched almonds. Chop fine, season well with salt, paprika and add two tablespoonfuls of chopped pickles and one tablespoonful of chutney. Spread bread or crackers with cream cheese, or an equal quantity of cottage cheese; sprinkle with the almond mixture.

For a vegetable dinner try:

Carrots and Onions.—The forehanded housewife when the garden carrots were pulled for thinning canned many of the little new vegetables for winter use. Reheat a can of these small carrots and season well with butter with a dash of lemon juice. Heap them in the middle of a large chop plate. Arrange around the buttered carrots six rounds of toasted and buttered bread. On the bread place three or four small onions which have been well seasoned with salt, pepper and butter. Pour over each a tablespoonful of hot cream and serve.

Horns of Plenty.—Fry thin sliced boiled ham, roll up in the shape of horns, skewer with toothpicks and fill with buttered peas or any creamed vegetable.

At a joint social meeting held last Wednesday night, the Pleasanton American Legion Post and Auxiliary received a visit from three grand officers.

The distinguished guests were Robert Moore, of Albany, district commander; R. Mathebat, of Alameda, area commander; and Ray Hutto, of Hayward, district sargeant at arms.

After a brief business meeting the evening was turned over to a social. The room and tables were decorated in green, commemorating St. Patrick. A light dinner was served at the close of the affair.

NEWARK ENDEAVOR FIVE LOSES TO IRVINGTON

A basketball game was played in the Washington Union high school gymnasium Friday night between the Newark Christian Endeavor society and the Irvington Christian Endeavor society, ending with a score of Irvington 13 to Newark 7.

It was Newark's first defeat this season. The line-ups were as follows:

Irvington—Rudder, g; Bowie, f, Jorgensen, f; Sinclaire, c; Hirsch, g; Elliott, f.

Newark—Ted Logan, g; Ralph Logan, f; Anderson, f; Fuller, c; Fyffe, g; Blacow, f.

A social was held after the game in the Newark church parlors, both societies attending. Many games were played, after which delicious refreshments were served.

Palm Services Held At Newark Church

Palm Sunday services were held in the Newark Presbyterian church Sunday morning and evening, Rev. Dr. Mathes delivering the services. A vocal solo was rendered by Mr. Blacow, with Mrs. Lesda Brown accompanying at the piano, in the evening.

Large attendances were present at both services.

LEAVE FOR SACRAMENTO

Hugh Steinhoff and Howard Eldred Laudenslager, all of Newark, left here Saturday for Sacramento where they are to be employed in a packing house.

RECOVERING

J. A. Johnson is resting easily after a long period of serious illness. He is under the care of a nurse.

CHURCH SERVICES

Mid-week services of the Newark Presbyterian church were held at the home of Mr. and Mrs. Alex De Knoop last week.

By FRANK FERRY

Niles Boy Scouts Troop No. 1 won a basketball game from Troop No. 1 of Irvington Friday night by a score of 23 to 20.

The starting line-up for Niles was: Marshall Green and E. Mendenhall, forwards; Farmer, center; Pine and Ferry, guards.

The outstanding players were Pine and Mendenhall, of Niles, and Hearst and Jorgensen, of Irvington. This is the second game won by the Niles troop within a week.

***

Scouts Lawrence Pine, Jack Townsend and Everett Mendenhall, of Niles; Arnold Abrott, of Pleasanton; and Donald Fuller, of Newark, attended the senior patrol and junior assistant scoutmasters pow wow at Dimond Camp Tuesday.

***

Melvyn Farmer and Gordon Justus visited Jim and Byron Frontz, former scouts of Niles, at their new home in Georgetown, this week.

***

H. L. Hodgkins, scout executive, visited the Niles troops Friday.

PLEASANTON FARM BUREAU AND FIRE DEPARTMENT MEET

Joint Discussion Centers on Financing of Patrol Insurance

The Farm Bureau and the Fire Department, of Pleasanton, held a joint meeting at the fire house last Wednesday to discuss the question of financing insurance on the fire patrol.

Adequate insurance for all the firemen is being held up because of lack of means to finance the insurance on the patrol, which is a piece of rural equipment. Because the patrol is the property of the farmers and is used for their protection, the town council feels that they should finance the insurance on it. And because the "blanket type" policy being considered by the firemen does not allow of insuring only two out of three pieces of apparatus, the whole thing is being held up.

The joint meeting last week was called with the hopes that some means of financing the patrol could be found through the Farm Bureau, which is a rural organization.
